

Here are **50 engaging quiz genres** (themes/categories/round types) you can offer during team registration via your QR code form. This lets participants vote or select preferences, helping you tailor the night's quiz to the audience—ensuring high energy, broad appeal, and inclusivity while encouraging discussion and social media shares (e.g., "We voted for 90s Nostalgia—follow @PerfectDJ for hints!").

These draw from classic pub quiz staples, creative twists, and popular trends, mixing evergreen favorites with fun, niche options to suit diverse crowds in a NYC pub setting.

Implementation Tips for Registration

- **Dropdown or Multi-Select:** Let teams pick their **top 3-5** favorites during QR registration. Use this data to prioritize rounds (e.g., if 70% pick Music and 90s, lean heavy on those).
- **Engagement Boost:** Display real-time vote tallies on a screen or via TTS announcement: "Tonight's crowd loves 90s Nostalgia and Food & Drink—get ready!"
- **Audience Suitability:** For a mixed pub crowd, always include a few broad ones (like General Knowledge or Pop Culture) as defaults, while niche picks (e.g., Harry Potter or NYC Trivia) add excitement for superfans.
- **Tie to Your Brand:** Theme some around music/DJ vibes, like "Name That Tune" or "80s Nostalgia," to promote your Perfect DJ identity.

This variety keeps things fresh across events—rotate based on votes to build loyalty. If a genre dominates, you could even run **special theme nights** announced on social media! Let me know if you want sample questions for any of these.
